**The Age of Acquiescence: The Life and Death of American Resistance to Organized Wealth and Power** By Steve Fraser

**A groundbreaking investigation of how and why, from the 18th century to the present day, American resistance to our ruling elites has vanished.**

From the American Revolution through the Civil Rights movement, Americans have long mobilized against political, social, and economic privilege. Hierarchies based on inheritance, wealth, and political preferment were treated as obnoxious and a threat to democracy. Mass movements envisioned a new world supplanting dog-eat-dog capitalism. But over the last half-century that political will and cultural imagination have vanished. Why?

THE AGE OF ACQUIESCENCE seeks to solve that mystery. Steve Fraser's account of national transformation brilliantly examines the rise of American capitalism, the visionary attempts to protect the democratic commonwealth, and the great surrender to today's delusional fables of freedom and the politics of fear. Effervescent and razorsharp, THE AGE OF ACQUIESCENCE will be one of the most provocative and talked-about books of the year.

### Editorial Review

#### Review

"Provocative....A perceptive reading of the current zeitgeist."?Michael Kazin, *Slate*

"Fraser offers a sweeping, forcefully argued comparison between, on the one hand, the economy, ideology, and politics of the first Gilded Age and, on the other, the contemporary political scene."?Kim Phillips-Fein, *Atlantic*

"Sweeping and ambitious....Fraser weaves together a rich tapestry of history, statistics and barely suppressed outrage."?Maura Casey, *Washington Post*

"Fascinating....As Fraser forcefully shows, during the first Gilded Age American elites were threatened with more than embarrassing statistics."?Naomi Klein, *New York Times Book Review (Editor's Choice)*

"Delivered with real verve....Like Marx in the Communist Manifesto and Thomas Piketty's *Capital*, but from an American perspective, Fraser writes majestically if not almost poetically about the making of capitalism."?Harvey J. Kaye, *Daily Beast*

"Fraser is particularly passionate and penetrating in his analysis of our present state of submission and surrender. His intention is not just to chronicle the change but to explain why it happened."?Jon Wiener, *Los Angeles Times*

"A sharp-edged, completely fascinating look at American history and the contemporary politics of the haves and have-nots."?Vanessa Bush, *Booklist*

"Fraser's work shines as an angry but cogent denouncement of America's growing wealth disparity. Highly recommended."? *Library Journal*

"An absorbing, vigorous account of class politics....an excellent, very readable recreation of an authentically American form of working-class militancy and its eclipse."?Publishers Weekly

"Fraser leads the reader on a fascinating and relevant journey."?Brian Tanguay, *Santa Barbara Independent*

"A cutting study of how American workers lost the will to battle for their well-being. It took decades to get ourselves into this mess. It's going to take decades to get out of it. Fraser makes that all too clear in a book that deserves to spark a national conversation."?Michael Causey, *Washington Independent Review of Books*

"No one writing history today does it with the power, passion, insight, and rigor of Steve Fraser. In *The Age of Acquiescence*, Fraser reaches back a century to the first Gilded Age and then pushes forward into our own Gilded Age, providing his readers with a history that matters, that informs, and that, most critically, raises essential questions we should all be asking about wealth, power, and inequalities in America today."?David Nasaw, author of *The Patriarch: The Remarkable Life and Turbulent Times of Joseph P. Kennedy*

"Steve Fraser is that rare writer who combines a deep knowledge of history with a penetrating analysis of our current political and social condition. Here, in the lively prose that marks all his writing, he probes the similarities and differences between America's two gilded ages - the late nineteenth-century and today - offering provocative observations about why the first produced massive popular resistance and the second resigned acquiescence."?Eric Foner, *the Pulitzer Prize winning author of The Fiery Trial: Abraham Lincoln and American Slavery*

"Over the last few years, there's been a wealth of books describing our new Gilded Age and bemoaning the extreme economic inequality that now defines modern America. Steve Fraser's fascinating *The Age of Acquiescence* is indispensable because it explains how that happened, how America's long standing opposition to concentrated wealth was defeated. Steve Fraser, in other words, is Thomas Piketty with politics, providing a crucial guide in helping the ninety-nine percent understand the terms of their defeat and, more importantly, how it can once again go on the offensive."?Greg Grandin, *author of The Empire of Necessity: Slavery, Freedom, and Deception in the New World and Fordlandia: The Rise and Fall of Henry Ford's Forgotten Jungle City*

"A splendid and illuminating book. Fraser's writing is clear-headed and free of cant. I know of no better an accounting for the division of America over the last forty years into a minority of the terrified rich and a majority of the humiliated poor."?Lewis Lapham, *editor of Lapham's Quarterly and author of Pretensions to Empire: Notes on the Criminal Folly of the Bush Administration*

"Steve Fraser has given us a sweeping account of the economic and cultural changes in American society that combined to create an earlier era of working class struggle and hope, and then in our present moment have generated quiescence and despair. Read this book for its synoptic account of the ways that cultural manipulation have accompanied intensifying economic exploitation. But read it also to snatch glimmers of a better future from the past."?Frances Fox Piven, *author of Challenging Authority: How Ordinary People Change America*

#### About the Author

Steve Fraser is the author of *Every Man a Speculator*, *Wall Street*, and *Labor Will Rule*, which won the Philip Taft Award for the best book in labor history. He also is the co-editor of *The Rise and Fall of the New Deal Order*. His work has appeared in the *Los Angeles Times*, the *New York Times*, *The Nation*, *The American Prospect*, *Raritan*, and the *London Review of Books*. He has written for the online site Tomdispatch.com, and his work has appeared on the *Huffington Post*, *Salon*, *Truthout*, and *Alternet*, among others. He lives in New York City.
