**The Yanks are Coming: The United States in the First World War** By Albert Marrin

Marrin relates the gripping story of how the Yanks "came over" to aid the European Allies and turn the tide in the first Great War. How the United States mobilized industry, trained doughboy soldiers, and promoted the war at home makes for fascinating reading in one of the few books on this topic for young adults. The human cost of the war is poignantly related in tales of the action at Chateau Thierry and Belleau Woods, in the air with the daring men of the Army Air Corps, and with the Lost Battalion at the Battle of Meuse-Argonne. From the sinking of the Lusitania to Armistice Day, Marrin tells the heartrending and inspiring story of the "war to end all wars." Illustrated with maps and photographs.

#### **About the Author**

Albert Marrin is a professor of history who, in more than twenty juvenile nonfiction books, has attempted to make the past accessible to young readers. In award-winning books such as *1812: The War Nobody Won*, *Cowboys, Indians, and Gunfighters: The Story of the Cattle Kingdom*, and *"Unconditional Surrender": U. S. Grant and the Civil War*, he has created a tapestry of United States history by focusing on dramatic moments and famous personalities. With biographies of leaders and tyrants from Napoleon to Hitler, Marrin has also interpreted the events of a larger world stage for juvenile readers. Additionally, his several books on the First and Second World Wars provide well-organized introductions to many aspects of those struggles. Chairman of the history department at New York's Yeshiva University, Marrin's books for young readers complement his academic duties and writings. One of his earliest such books, *Victory in the Pacific*, is indicative of Marrin's thorough, no-nonsense approach to history.
