### Flying Too High : a Phryne Fisher Mystery By Kerry Greenwood

Walking the wings of a Tiger Moth plane in full flight would be more than enough excitement for most people, but not for Phryne?amateur detective and woman of mystery, as delectable as the finest chocolate and as sharp as razor blades.

In fact, the 1920s' most talented and glamorous detective flies even higher here, handling a murder, a kidnapping, and the usual array of beautiful young men with style and consummate ease. And she does it all before it's time to adjourn to the Queenscliff Hotel for breakfast. Whether she's flying planes, clearing a friend of homicide charges, or saving a child, Phryne does everything with the same dash and elan with which she drives her red Hispano-Suiza.

## **Editorial Review**

From Publishers Weekly

The many U.S. fans of Greenwood's feisty and plucky Australian flapper sleuth Phryne Fisher should especially enjoy the second entry in the series (*Cocaine Blues*, etc.), which presents another pair of cases from the early days of her career as a private detective. The two inquiries present quite different challenges: the first, to track down the kidnappers of a young girl, whose father just won the lottery, before she is harmed; the second, to identify the murderer of a bully whose son has been charged with the offense. Fisher again displays an impressive set of skills, from air-walking and daredevil plane flying to blood-splatter analysis, and Greenwood leavens her plot with Wodehousian characters and wit.

From [Booklist](#)

The dashing Phryne Fisher, Australian flapper, makes her sixteenth appearance, and she hasn't worn out her welcome. Phryne, a glamorous detective and aviatrix, living in 1920s Melbourne, solves a mystery as easily as she lands a plane. Here her cases involve a murder and a kidnapping, but what makes the story delicious are the flourishes, from Phryne's interior-decorating style (nude paintings of Phryne) to her detecting techniques (jumping into bed with a source). A strong cast of characters surrounds the inimitable flapper, including the kidnapped child (shades of "The Ransom of Red Chief") and a group of women nearly as irrepressible as Phryne herself. Great fun! *Ilene Cooper*

Review

This series is the best Australian import since Nicole Kidman, and Phryne is the flashiest new female sleuth in the genre.
