Tongues of Serpents: A Novel of Temeraire By Naomi Novik

Convicted of treason despite their heroic defense against Napoleon's invasion of England, Temeraire and Capt. Will Laurence have been transported to a prison colony in distant Australia—and into a hornet's nest of fresh complications. The colony is in turmoil after the overthrow of military governor William Bligh—aka Captain Bligh, late of HMS *Bounty*. And when Bligh tries to enlist them in his bid to regain office, the dragon and his captain are caught in the middle of a political power struggle. Their only chance to escape the fray is accepting a mission to blaze a route through the forbidding Blue Mountains and into the interior of Australia. But the theft of a precious dragon egg turns their expedition into a desperate recovery operation—leading to a shocking discovery and a dangerous new complication in the global war between Britain and Napoleon.

Editorial Review

From Publishers Weekly

The somber sixth installment (after 2008's *Victory of Eagles*) of the Napoleonic era adventures of Capt. Will Laurence and Chinese-British dragon Temeraire opens with the pair exiled to New South Wales for saving French dragons from a plague while England and France were at war. The government of the colony is hotly disputed, and both the deposed royal governor and the insurrectionists hope to ally with Laurence and his draconic companions. When a dragon egg is kidnapped, an expedition over the Blue Mountains turns into a frantic hunt for the culprits. Novik fans will be glad to see their old favorite characters growing and changing yet still very much themselves, but the lack of significant interaction with native Australian humans or dragons leaves a certain emptiness at the heart of the story, exacerbated by long stretches of travel through physical and emotional desolation.

The sixth installment of Novik's fantastic series introduces Temeraire and former captain Laurence to New South Wales. Laurence, technically a transported prisoner, is escorting three eggs to form a covert in the colony there. The eggs are destined for such second-rate officers willing to make the long trip to the remote colony, including Captain Rankin, whose cruelty killed his former dragon. On arrival, the ship is met by former governor William Bligh, deposed through mutiny by the New South Wales Corps. Bligh wants the dragons to reinstate him in his post; the mutineers are determined to retain the upper hand. Discipline is lax and quarrels are the order of the day, including those between Temeraire and Iskerria, a snobbish beast. To escape all this, Laurence and Temeraire take a mission to find a way through the Blue Mountains and explore the interior of the continent. But one of the dragon eggs is stolen, and the exploration turns into a desperate rescue mission. Temeraire fans have waited two years for this book but should find themselves richly rewarded. The characters are as riveting as ever, the setting is new but convincing, and the plot, with its first-class balancing of Laurence's and Temeraire's internal and external struggles, shows Novik's continued excellence as a novelist. --Frieda Murray

Review

“A joy to read.”—*The Star-Ledger*

“I’m more excited about [Naomi] Novik’s series than I ever have been. . . . *Tongues of Serpents* might just be the best.”—Clay Kallam, *Contra Costa Times*

Praise for the novels of Temeraire

“Completely involving and probably addictive.”—*San Francisco Chronicle*

“Enthralling reading.”—*Time*

“Gripping adventure.”—*Entertainment Weekly*
