1984 By George Orwell

Written in 1948, *1984* was George Orwell's chilling prophecy about the future. And while 1984 has come and gone, his dystopian vision of a government that will do anything to control the narrative is timelier than ever...

"The Party told you to reject the evidence of your eyes and ears. It was their final, most essential command."

Winston Smith toes the Party line, rewriting history to satisfy the demands of the Ministry of Truth. With each lie he writes, Winston grows to hate the Party that seeks power for its own sake and persecutes those who dare to commit thoughtcrimes. But as he starts to think for himself, Winston can't escape the fact that Big Brother is always watching...

A startling and haunting vision of the world, *1984* is so powerful that it is completely convincing from start to finish. No one can deny the influence of this novel, its hold on the imaginations of multiple generations of readers, or the resiliency of its admonitions—a legacy that seems only to grow with the passage of time.

Includes a foreword by Thomas Pynchon

Editorial Review

Amazon.com Review

"Outside, even through the shut window pane, the world looked cold. Down in the street little eddies of wind were whirling dust and torn paper into spirals, and though the sun was shining and the sky a harsh blue, there seemed to be no color in anything except the posters that were plastered everywhere."

The year is 1984; the scene is London, largest population center of Airstrip One.

Airstrip One is part of the vast political entity Oceania, which is eternally at war with one of two other vast entities, Eurasia and Eastasia. At any moment, depending upon current alignments, all existing records show either that Oceania has always been at war with Eurasia and allied with Eastasia, or that it has always been at war with Eastasia and allied with Eurasia. Winston Smith knows this, because his work at the Ministry of Truth involves the constant "correction" of such records. "Who controls the past,' ran the Party slogan, 'controls the future: who controls the present controls the past.'"

In a grim city and a terrifying country, where Big Brother is always Watching You and the Thought Police can practically read your mind, Winston is a man in grave danger for the simple reason that his memory still functions. He knows the Party's official image of the world is a fluid fiction. He knows the Party controls the people by feeding them lies and narrowing their imaginations through a process of bewilderment and brutalization that alienates each individual from his fellows and deprives him of every liberating human pursuit from reasoned inquiry to sexual passion. Drawn into a forbidden love affair, Winston finds the courage to join a secret revolutionary organization called The Brotherhood, dedicated to the destruction of the Party. Together with his beloved Julia, he hazards his life in a deadly match against the powers that be.

Newspeak, doublethink, thoughtcrime--in 1984, George Orwell created a whole vocabulary of words concerning totalitarian control that have since passed into our common vocabulary. More importantly, he has portrayed a chillingly credible dystopia. In our deeply anxious world, the seeds of unthinking conformity are everywhere in evidence; and Big Brother is always looking for his chance. --*Daniel Hintzsche*

Review

"Orwell's best-known work of unrelenting dystopian realism warns against totalitarianism." -- *AudioFile*

"Orwell's best-known work of unrelenting dystopian realism warns against totalitarianism." --*AudioFile*

Nineteen Eighty-Four is a remarkable book; as a virtuoso literary performance it has a sustained brilliance that has rarely been matched in other works of its genre...It is as timely as the label on a poison bottle. *New York Herald Tribune*

A profound, terrifying, and wholly fascinating book...Orwell's theory of power is developed brilliantly. *The New Yorker*

A book that goes through the reader like an east wind, cracking the skin...Such are the originality, the suspense, the speed of writing, and withering indignation that it is impossible to put the book down. V. S. Pritchett

Orwell's novel escorts us so quietly, so directly, and so dramatically from our own day to the fate which may

be ours in the future, that the experience is a blood-chilling one. *Saturday Review* --Review

From reader reviews:

James Brady:

Do you have favorite book? When you have, what is your favorite's book? Publication is very important thing for us to find out everything in the world. Each guide has different aim or goal; it means that e-book has different type. Some people experience enjoy to spend their time and energy to read a book. They may be reading whatever they acquire because their hobby will be reading a book. Think about the person who don't like reading through a book? Sometime, man feel need book once they found difficult problem or perhaps exercise. Well, probably you will require this 1984.

Craig Nazario:

Have you spare time for a day? What do you do when you have much more or little spare time? Yeah, you can choose the suitable activity intended for spend your time. Any person spent their own spare time to take a walk, shopping, or went to the Mall. How about open or read a book called 1984? Maybe it is to get best activity for you. You recognize beside you can spend your time together with your favorite's book, you can better than before. Do you agree with it is opinion or you have additional opinion?

Ilene Bixler:

This 1984 usually are reliable for you who want to be described as a successful person, why. The main reason of this 1984 can be one of many great books you must have is usually giving you more than just simple looking at food but feed a person with information that probably will shock your previous knowledge. This book is actually handy, you can bring it just about everywhere and whenever your conditions in e-book and printed people. Beside that this 1984 forcing you to have an enormous of experience for instance rich

vocabulary, giving you demo of critical thinking that could be useful in your day task. So , let's have it and revel in reading.

Linda Soto:

Do you like reading a guide? Confuse to looking for your favorite book? Or your book was rare? Why so many question for the book? But just about any people feel that they enjoy for reading. Some people likes studying, not only science book but also novel and 1984 as well as others sources were given expertise for you. After you know how the truly great a book, you feel want to read more and more. Science book was created for teacher or perhaps students especially. Those textbooks are helping them to include their knowledge. In various other case, beside science e-book, any other book likes 1984 to make your spare time far more colorful. Many types of book like this one.
