### Brain By Robin Cook

Both of them suspected that something was wrong--terribly wrong--in the great medical research center where they worked. Both of them wondered why a beautiful young woman had died on the operating table and her brain secretly removed. Both of them found it impossible to explain the rash of female patients exhibiting bizarre mental breakdowns and shocking behavior. Both of them were placing their careers and very lives in deadly jeopardy as they penetrated the eerie inner sanctums of a medical world gone mad with technological power and the lust for more...

### Editorial Review

#### Review

"Absorbing...provocative."—**The Houston Chronicle**

#### About the Author

**Robin Cook, M.D.**, is the author of more than thirty books and is credited with popularizing the medical thriller with his wildly successful first novel, *Coma*. He divides his time among Florida, New Hampshire, and Boston. His most recent novels include *Host*, *Cell*, and *Nano*.

### Users Review

#### From reader reviews:

##### **Harley Fabry:**

People live in this new morning of lifestyle always attempt to and must have the extra time or they will get wide range of stress from both day to day life and work. So , once we ask do people have free time, we will say absolutely without a doubt. People is human not just a robot. Then we request again, what kind of activity are you experiencing when the spare time coming to you of course your answer will unlimited right. Then do you ever try this one, reading textbooks. It can be your alternative in spending your spare time, often the book you have read is actually Brain.

##### **Theresa Diaz:**

This Brain is great e-book for you because the content that is full of information for you who always deal with world and get to make decision every minute. That book reveal it information accurately using great plan word or we can say no rambling sentences within it. So if you are read the idea hurriedly you can have whole data in it. Doesn't mean it only offers you straight forward sentences but challenging core information with attractive delivering sentences. Having Brain in your hand like getting the world in your arm, data in it is not ridiculous just one. We can say that no guide that offer you world inside ten or fifteen second right but this e-book already do that. So , this really is good reading book. Hi Mr. and Mrs. busy do you still doubt that?

##### **Jennifer Yost:**

Do you like reading a book? Confuse to looking for your chosen book? Or your book had been rare? Why so many concern for the book? But any people feel that they enjoy regarding reading. Some people likes looking at, not only science book but also novel and Brain or others sources were given know-how for you. After you know how the fantastic a book, you feel desire to read more and more. Science e-book was created for teacher as well as students especially. Those textbooks are helping them to include their knowledge. In additional case, beside science e-book, any other book likes Brain to make your spare time much more colorful. Many types of book like this.

**Richard Hunt:**

A number of people said that they feel fed up when they reading a book. They are directly felt this when they get a half portions of the book. You can choose the particular book Brain to make your personal reading is interesting. Your skill of reading skill is developing when you similar to reading. Try to choose straightforward book to make you enjoy to study it and mingle the feeling about book and studying especially. It is to be initial opinion for you to like to open up a book and examine it. Beside that the reserve Brain can to be your new friend when you're truly feel alone and confuse with what must you're doing of these time.
