## Harvest By Tess Gerritsen

Medical resident Dr. Abby Matteo is elated when the elite cardiac transplant team at Boston's Bayside Hospital taps her as a potential recruit. But faced with a tormenting life-and-death decision, Abby helps direct a crash victim's harvested heart to a dying teenager -- instead of the wealthy older woman who was supposed to receive it. The repercussions leave Abby shaken and plagued with self-doubt.

Suddenly, a new heart appears, and the woman's transplant is completed. Then Abby makes a terrible discovery. The donor records have been falsified -- the new heart has not come through the proper channels. Defying the hospital's demands for silence, she begins her own investigation that reveals a murderous, unthinkable conspiracy. Every move Abby makes spawns a vicious backlash...and on a ship anchored in the waters of Boston harbor, the grisly truth lies waiting.

## Editorial Review

### Amazon.com Review

When Robin Cook wrote *Coma* in 1977, the idea of hospital patients being incubated for their vital organs sounded like science fiction. Twenty years later, this gripping thriller about a thriving international black market in human hearts, livers and kidneys could come from tomorrow's "Nightline." Author Gerritsen was an internist before she switched her energies to writing, and her experience shows in every scene. When young surgical resident Dr. Abby DiMatteo assists at her first "harvest" (the removal of living organs from a patient declared legally brain dead) at Boston's posh Bayside Hospital, "she felt vaguely nauseated by the whine of the blade, the smell of bone dust," neither of which seem to bother the veterans. It's obviously a personal memory being mined for good fictional purposes. (Gerritsen wrote paperback romance novels before **Harvest**: Check out her *Keeper of the Bride* and *Thief of Hearts*.)

### From Publishers Weekly

If imitation is the sincerest form of flattery, Robin Cook is going to feel just swell after taking a look at Gerritsen's first novel. It's been 19 years since Cook published *Coma* as his own first novel, but that book's basic elements—as a tale of medical terror in which a feisty young female doctor in Boston foils a medical conspiracy involving the murdering of innocents to harvest their organs—are found in Gerritsen's novel as well. Along with the requisite amoral medical types goaded by greed, Gerritsen includes Russian mobsters, orphans at deadly risk, a ruthless industrialist, murders disguised as suicides, a bloody climax aboard a Russian freighter in Boston Harbor and some graphic surgical scenes. Surgical resident Abby DiMatteo is on the fast track at Boston's fictional Bayside Hospital. But after she disobeys orders so she can give a heart transplant to a failing 17-year-old instead of to a failing middle-aged, rich woman, her career options look slim. Fighting back against hospital administrators, shyster lawyers and violent thugs, Abby—spunky but angst-ridden and also rather whiny—finds major discrepancies in the records of Bayside's organ-transplant procedures. Shocked, she finally learns the truth, experiences a major betrayal and, in the climax, must herself face the final harvest. Gerritsen's crisp pacing and adept handling of the medical background—she's a retired internist—add sizzle to the tale, but her characters need life support, the climax is too drawn out and the final revelations will surprise only readers who move their lips. Major ad/promo; film rights sold to Paramount; simultaneous Simon & Schuster Audio; foreign rights sold in the U.K., Germany, Sweden, Holland, Finland, France, Korea, Denmark, Norway, Spain and Italy. Copyright 1996 Reed Business Information, Inc.

### From Library Journal

Gerritsen, the author of several romance tales (e.g., *Thief of Hearts*, Harlequin, 1995), has written a medical thriller that has her publicist ablaze with anticipation. Copyright 1996 Reed Business Information, Inc.

### From reader reviews:

#### Avis Zeiger:

This Harvest book is absolutely not ordinary book, you have after that it the world is in your hands. The benefit you obtain by reading this book is definitely information inside this publication incredible fresh, you will get info which is getting deeper you actually read a lot of information you will get. This specific Harvest

without we understand teach the one who studying it become critical in imagining and analyzing. Don't become worry Harvest can bring once you are and not make your carrier space or bookshelves' turn into full because you can have it in the lovely laptop even mobile phone. This Harvest having fine arrangement in word in addition to layout, so you will not truly feel uninterested in reading.

**Mary Partee:**

Do you certainly one of people who can't read satisfying if the sentence chained within the straightway, hold on guys that aren't like that. This Harvest book is readable by you who hate the straight word style. You will find the facts here are arrange for enjoyable looking at experience without leaving perhaps decrease the knowledge that want to offer to you. The writer connected with Harvest content conveys thinking easily to understand by most people. The printed and e-book are not different in the content material but it just different such as it. So , do you nevertheless thinking Harvest is not loveable to be your top checklist reading book?

**James Fitzgibbons:**

Playing with family in a park, coming to see the sea world or hanging out with good friends is thing that usually you have done when you have spare time, subsequently why you don't try thing that really opposite from that. A single activity that make you not sense tired but still relaxing, trilling like on roller coaster you are ride on and with addition associated with. Even you love Harvest, you can enjoy both. It is good combination right, you still want to miss it? What kind of hangout type is it? Oh come on its mind hangout folks. What? Still don't get it, oh come on its called reading friends.

**Louis Hartford:**

Your reading 6th sense will not betray you actually, why because this Harvest reserve written by well-known writer we are excited for well how to make book that can be understand by anyone who else read the book. Written inside good manner for you, still dripping wet every ideas and writing skill only for eliminate your own personal hunger then you still question Harvest as good book not merely by the cover but also from the content. This is one reserve that can break don't determine book by its deal with, so do you still needing one more sixth sense to pick this particular!? Oh come on your looking at sixth sense already told you so why you have to listening to yet another sixth sense.
