International Yearbook of Industrial Statistics 2015 By United Nations
Industrial Development Organization

A unique and comprehensive source of information, this book is the only international publication providing economists, planners, policymakers and business people with worldwide statistics on current performance and trends in the manufacturing sector.

The *Yearbook* is designed to facilitate international comparisons relating to manufacturing activity and industrial development and performance. It provides data which can be used to analyze patterns of growth and related long term trends, structural change and industrial performance in individual industries. Statistics on employment patterns, wages, consumption and gross output and other key indicators are also presented.

Editorial Review

Review

Acclaim for previous editions: The *International Yearbook of Industrial Statistics 2011* provides comprehensive statistical data on world manufacturing... The *Yearbook* represents a massive effort in data collection, data harmonization, and tabular presentation - well beyond the constraints of time and resources available to the average researcher or investigator. Therefore, the *Yearbook* presents a vast amount of information in a convenient form. --

- William C. Struning, *American Reference Books Annual 2012*

The UNIDO *International Yearbook of Industrial Statistics* is now a classic reference... which constitutes a unique statistical tool for analyzing the world industry and aims at facilitating the comparison of industrial systems. The different editions of the *Yearbook* provide a unique statistical tool for analyzing the world industry. --

- *Revue d'Economie Industrielle / Industrial Economics Review*

This annual publication seems to be the only international publication providing worldwide statistics on current performance and trends in the manufacturing sector. In terms of comprehensiveness, accuracy, and cross-country comparisons this volume is unparalleled ... If you are looking for an authoritative source for comparative international statistics on industrial information, this is it. --
