## Editorial Review

Amazon.com Review

### Book Description

For everyone who was too cheap to buy the hardcover, the blockbuster, award-winning No. 1 *New York Times* bestseller is now in trade paperback--with a new introduction, fully updated, and with equally unsettling nude photos of the newest Supreme Court justices, and a text corrected by the most reputable college professor we could find/afford.

Including:

- Historical inaccuracies, gross distortions, complete fabrications--corrected by real-life bearded college professor
  - A new introduction by the authors
  - Supreme Court Justices John Roberts and Samuel Alito--nude! • Totally updated ISBN number!
  - American-style democracy is the world's most beloved form of government, which explains why so many other nations are eager for us to impose it on them. But what is American democracy?
- 

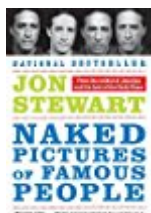

### Amazon.com Exclusives

Featuring a foreword by Thomas Jefferson, a Dress the Supreme Court layout, and, oddly enough, a profile of George "The Iceman" Gervin, *America (The Book): A Citizen's Guide to Democracy Inaction*, from Jon Stewart and the writers of the Emmy Award-winning *The Daily Show*, is by far one the most irreverent and wittiest (and may we add smartest) political book you're likely to encounter. Amazon.com spoke with Jon Stewart a few days before the 2004 publication of *America (The Book)* and they discussed bald eagles, magical talking cats, Thor Heyerdahl, and much more

From Publishers Weekly

Starred Review. Comedy Central's *TheDaily Show* proudly touts itself as a fake news show, so it's fitting that phony blurbs adorn this audiobook's packaging ("A *Bridget Jones's Diary* for the comedic nonfiction government textbook set," says Melissa Bank, author of *The Girls' Guide to Hunting and Fishing*; and "So informative, I even found out who *I* was," raves Albert Gallatine, Secretary of the Treasury from 1801–1814). The discs inside offer more deadpan wit, as the authors trace not only the history of America, but of democracy and humanity, all in a mere four hours. The editors and producers who handled this audio adaptation deserve a round of applause; they managed to take a book dependent on a wealth of charts, graphs and sidebars and translate it into audio while still preserving the fact that the book is a parody of a textbook. The result is a highly entertaining listen that showcases the expert comic delivery of Stewart and his *Daily Show* "correspondents" Samantha Bee, Stephen Colbert, Rob Corddry and Ed Helms. Stewart narrates the bulk of the audiobook, and the others chime in at the end of each chapter to read the "supplemental material," which includes Discussion Questions, Classroom Activities and sidebars on everything from how things are done differently in Canada to why the founding fathers were "unelectable." Nifty sound effects (like classroom bells) and well-chosen music (which consists primarily of stately, almost pompous horn orchestrations) round out this excellent audio package.
