## **International Law and Civil Wars: Intervention and Consent (Law, Conflict and International Relations)** By Eliav Liebllich

This book examines the international law of forcible intervention in civil wars, in particular the role of party-consent in affecting the legality of such intervention.

In modern international law, it is a near consensus that no state can use force against another – the main exceptions being self-defence and actions mandated by a UN Security Council resolution. However, one more potential exception exists: forcible intervention undertaken upon the invitation or consent of a government, seeking assistance in confronting armed opposition groups within its territory. Although the latter exception is of increasing importance, the numerous questions it raises have received scant attention in the current body of literature.

This volume fills this gap by analyzing the consent-exception in a wide context, and attempting to delineate its limits, including cases in which government consent power is not only negated, but might be transferred to opposition groups. The book also discusses the concept of consensual intervention in contemporary international law, in juxtaposition to traditional legal doctrines. It traces the development of law in this context by drawing from historical examples such as the Spanish Civil War, as well as recent cases such as those of the Democratic Republic of the Congo, Somalia, Libya, and Syria.

This book will be of much interest to students of international law, civil wars, the Responsibility to Protect, war and conflict studies, and IR in general.

### **Editorial Review**

#### Review

**'International Law and Civil Wars is exceptionally thorough and useful. It is easy to recommend to scholars from social science and legal disciplines interested in the nexus of international law and civil war.'** - *Hamish Clift, LSE Review of Books 2013*

**'International Law and Civil Wars makes a usefully and timely contribution to the literature. Although die-hard positivists might not be fully convinced that the most recent trends in foreign military intervention have passed into law, Lieblich's assessment nonetheless convincingly shows the direction in which international practice seems to be evolving.'**-- *Aurel Sari, Journal of Conflict and Security Law*

#### About the Author

**Eliav Lieblich** is Lecturer (US Assistant Professor) at the Radzyner School of Law, the Interdisciplinary Center (IDC) Herzliya, Israel. He holds a doctorate from Columbia Law School.
