### Notes from the Universe: New Perspectives from an Old Friend By Mike Dooley

What if the Universe were to send you frequent reminders of the absolute power you have over your life? Author Mike Dooley, an interpreter for the Universe, has done exactly that in *Notes from the Universe*—a collection of empowering, invaluable truths that can be read front to back or opened at random.

This first book in the *Notes from the Universe* trilogy teaches its readers to live a life far richer than they had previously thought imaginable.

The Universe is here to remind us that *we* are in control. To have the life you desire, all you have to do is ask. The secret to manifesting change is not focusing on the *how* but instead, the end result of what you're after—the kind of life *you* want. Then, once you are truly focused, the Universe will conspire on your behalf.

Author Mike Dooley has turned over every stone, knocked on every door, and followed every impulse. He has immersed himself in the truths he needed to hear most; these were the kind of lessons he wrote about in his weekly emails. What started in 1998 as a little poem sent out once a week to 38 email addresses has evolved into an inspiring anecdote delivered to over 300,000 subscribers from 169 countries, each receiving a new note from the Universe five days a week. Mike Dooley serves as an interpreter for the Universe.

*Notes from the Universe* begins a three-volume set that is brimful with powerful affirmations that will have you thinking positively, feeling confident, and walking the path to personal success.

When readers discover the truths the Universe is unveiling in *Notes from the Universe*, they will begin living happier, more fulfilling lives.

### Editorial Review

#### Review

"Mike Dooley's *Notes from the Universe* have charged my day with absolute joy more times than I can remember."

- Rhonda Byrne, creator and executive producer of *The Secret*

#### From the Publisher

If ever there was proof of magic in my life, that I now spend part of every day writing for "the Universe", is it. Not even 4 short years ago, after we closed down the last of the TUT stores and liquidated our remaining inventory, I briefly hit the pavement with my accountant's resume in hand.

Fortunately, no one was hiring (at least not me!), and fortunately again, I had enough money from our T-shirt days to coast awhile. Even more fortunately, I still had a thousand or so people looking forward to receiving my "Monday Morning Motivators" via email each week.

So I decided that as long as I didn't have to work, yet, I'd keep doing the one thing that filled me with the greatest sense of accomplishment and purpose - write. And figure out how to make it pay, later.

Talk about scary. As the months rolled by, there were plenty of nights I tossed, literally in a sweat, thinking "what am I doing with my life? How did I get here? What went wrong? What if I don't make any money at this? What if I have to sell my home? What if I can't find a job, and no one will buy my home? What if? What if? What if...?" And day after day, week after week, month after month, my reserves dwindled and nothing came in.

But I knew a trick. I knew that figuring out "the how's", wasn't really my job, it was the Universe's. I also knew to focus on the end result, the kind of life I wanted, and to get busy turning over every stone, knocking on every door, following every impulse, so that theoretically, at least, the Universe could take care of the details.

Whaaaa! Has it ever!!! Somehow, during all the knocking and turning and visualizing, I acted on enough hunches and instincts to keep me buoyed with the necessary optimism to press on and not look back. And literally, the next thing I knew, the Adventurers Club was born, a variety of speaking opportunities arose, I produced a major audio program that now sells all over the world, and the Universe began using email. Even today, I look around and can hardly believe the reversal and rise of my good fortune.

I always knew it worked, but the thrill of experiencing it yet again, in spite of my worries, doubts, and frustrations, has been an awesome adventure; one I know everyone deserves and can experience for themselves.

I've learned, once again, that no matter how dark things get, no matter how difficult, if I continue to do my part, the Universe has to do its part - it's the law, and things will turn around.

To the life of your dreams,

Mike Dooley

### From the Inside Flap

Courageous is the soul who adventures into time and space to learn of their divinity. For while they cannot lose, they can think they have, and the loss will seem intolerable. And while they cannot fail, they can think they have, and the pain will seem unbearable. And while they cannot ever be less than they truly are - powerful, eternal and loved - they can think they are, and all hope will seem lost.

And therein lies their test. A test of perceptions; of what to focus on, of what to believe in, in spite of appearances.

Courageous indeed... the pride of the Universe, and I should know.
