**Peace Journalism: Conflict & Peacebuilding** By Jake Lynch, Annabel McGoldrick

“Wholly refreshing it is one of the strengths of this book that a range of problems are raised, from the choice of value-laden words and phrases to broader issues about the underlying ideology of the news agenda, the mind-set of journalists working to that agenda and the insidious nature of propaganda. Most importantly, it offers journalists a coherent, practical set of guidelines for facing up to these problems...the undeniable merit of the authors’ approach is that it makes journalists think more deeply about their overall responsibilities to society.”

**Roy Greenslade**, Professor of Journalism, City University, London (from his introduction)

*Peace Journalism* explains how most coverage of conflict unwittingly fuels further violence, proposing workable options to give peace a chance. Topical case studies?including the war in Iraq and the “war on terrorism”?are supported by theory, analysis, archive material, and photographs. The book attempts to contrast war journalism and peace journalism; show how the reporting of war, violence, and terror can be made more accurate and useful; and offer practical tools and exercises for analyzing and reporting the most important stories of our time.

Accessible and authoritative, *Peace Journalism* will prove valuable to those involved directly in journalism and all who wish to better understand the problems and solutions to better coverage of war and conflict.
