## **Editorial Review**

From Publishers Weekly

"Lucille Odom, the 17-year-old precociously perceptive protagonist, narrates the story of her family's unravelling and its reconstitution in a different form," PW observed of this "luminous" novel by the author of *Dreams of Sleep*, who "again exhibits masterful control of language and narrative drive."

From School Library Journal

YA Forging a gentle goodbye note when her mother abruptly deserts the family comes naturally to 17-year-old Lucille Odom of Mount Pleasant, South Carolina. She views her father as an innocent with a heart that could be easily broken. She worries about him, and about her older sister Rae who comes home pregnant and hastily married. This compassionate and wonderfully cerebral character comes alive on the first page. She has unforgettable views on patriotism, the ozone layer, men, the fallibility of human memory, and the many other concerns that she routinely ruminates about. During the summer of her family's upheaval and reconfiguration, her understanding of love in all its forms grows vastly as she leaves her childhood behind. A novel of outstanding quality. From Library Journal

Lucille Odom, a highly intelligent 17-year-old, finds her world turned upside down when her mother walks out abruptly on a seemingly happy marriage and her absent sister arrives home, announcing she's pregnant and married. Lucille finds herself taking on serious responsibilities and acquiring a new, but fragile, maturity as she deals with her own emotions and tries to hold together her crumbling family life. This second novel is set in Charleston, South Carolina, where the author lives and which she describes in vivid and loving detail.

An interesting, often amusing study of modern adolescence and its problems by the author of the highly regarded *Dreams of Sleep* (LJ 3/15/84). Recommended for public libraries. Literary Guild alternate.
