American Gods By Neil Gaiman

Shadow is a man with a past. But now he wants nothing more than to live a quiet life with his wife and stay out of trouble. Until he learns that she's been killed in a terrible accident.

Flying home for the funeral, as a violent storm rocks the plane, a strange man in the seat next to him introduces himself. The man calls himself Mr. Wednesday, and he knows more about Shadow than is possible.

He warns Shadow that a far bigger storm is coming. And from that moment on, nothing will ever be the same...

Editorial Review

Amazon.com Review

American Gods is Neil Gaiman's best and most ambitious novel yet, a scary, strange, and hallucinogenic road-trip story wrapped around a deep examination of the American spirit. Gaiman tackles everything from the onslaught of the information age to the meaning of death, but he doesn't sacrifice the razor-sharp plotting and narrative style he's been delivering since his *Sandman* days.

Shadow gets out of prison early when his wife is killed in a car crash. At a loss, he takes up with a mysterious character called Wednesday, who is much more than he appears. In fact, Wednesday is an old god, once known as Odin the All-father, who is roaming America rounding up his forgotten fellows in preparation for an epic battle against the upstart deities of the Internet, credit cards, television, and all that is wired. Shadow agrees to help Wednesday, and they whirl through a psycho-spiritual storm that becomes all too real in its manifestations. For instance, Shadow's dead wife Laura keeps showing up, and not just as a ghost--the difficulty of their continuing relationship is by turns grim and darkly funny, just like the rest of the book.

Armed only with some coin tricks and a sense of purpose, Shadow travels through, around, and underneath the visible surface of things, digging up all the powerful myths Americans brought with them in their journeys to this land as well as the ones that were already here. Shadow's road story is the heart of the novel, and it's here that Gaiman offers up the details that make this such a cinematic book--the distinctly American foods and diversions, the bizarre roadside attractions, the decrepit gods reduced to shell games and prostitution. "This is a bad land for Gods," says Shadow.

More than a tourist in America, but not a native, Neil Gaiman offers an outside-in and inside-out perspective on the soul and spirituality of the country--our obsessions with money and power, our jumbled religious heritage and its societal outcomes, and the millennial decisions we face about what's real and what's not. --
Therese Littleton

From Publishers Weekly

Titans clash, but with more fuss than fury in this fantasy demi-epic from the author of *Neverwhere*. The intriguing premise of Gaiman's tale is that the gods of European yore, who came to North America with their immigrant believers, are squaring off for a rumble with new indigenous deities: "gods of credit card and freeway, of Internet and telephone, of radio and hospital and television, gods of plastic and of beeper and of neon." They all walk around in mufti, disguised as ordinary people, which causes no end of trouble for 32-year-old protagonist Shadow Moon, who can't turn around without bumping into a minor divinity. Released from prison the day after his beloved wife dies in a car accident, Shadow takes a job as emissary for Mr. Wednesday, avatar of the Norse god Grimnir, unaware that his boss's recruiting trip across the American heartland will subject him to repeat visits from the reanimated corpse of his dead wife and brutal roughing up by the goons of Wednesday's adversary, Mr. World. At last Shadow must reevaluate his own deeply held beliefs in order to determine his crucial role in the final showdown. Gaiman tries to keep the magical and the mundane evenly balanced, but he is clearly more interested in the activities of his human protagonists: Shadow's poignant personal moments and the tale's affectionate slices of smalltown life are much better developed than the aimless plot, which bounces Shadow from one episodic encounter to another in a design only the gods seem to know. Mere mortal readers will enjoy the tale's wit, but puzzle over its strained mythopoeia. (One-day laydown, June 19) Forecast: Even when he isn't in top form, Gaiman, creator of the acclaimed *Sandman* comics series, trumps many storytellers. Momentously titled, and allotted a dramatic

one-day laydown with a 12-city author tour, his latest will appeal to fans and attract mainstream review coverage for better or for worse because of the rich possibilities of its premise.

From Library Journal

Shadow Moon, recently released from prison and dealing with his wife's death, accepts a job offer from the mysterious Mr. Wednesday. Together they travel across America gathering up Mr. Wednesday's creepy friends. Soon Shadow discovers this road trip involves the upcoming epic battle between the old gods of the immigrants and today's new gods credit cards, TV, and the Internet. He also experiences repeat visits from the reanimated corpse of his dead wife, Laura. Shadow's personal tale and the details of American small-town life are well developed compared with the not-well-defined plot. The focus shifts from the gods' Armageddon to Shadow's life, to subplots about secondary characters. The book has wit but is too busy and not very engaging and includes some graphic language, sex, and disturbing events. George Guidall's clear, well-articulated narration contributes to a positive listening experience. Fans will no doubt enjoy the subject matter and the mythic scope. Denise A. Garofalo, Mid-Hudson Lib. Syst., Poughkeepsie, NY

Users Review

From reader reviews:

Jacob Roberts:

Have you spare time to get a day? What do you do when you have a lot more or little spare time? Sure, you can choose the suitable activity for spend your time. Any person spent their very own spare time to take a move, shopping, or went to typically the Mall. How about open or read a book called American Gods? Maybe it is to be best activity for you. You already know beside you can spend your time using your favorite's book, you can wiser than before. Do you agree with the opinion or you have other opinion?

Alma Miranda:

Here thing why this American Gods are different and dependable to be yours. First of all reading through a book is good nevertheless it depends in the content from it which is the content is as delicious as food or not. American Gods giving you information deeper and different ways, you can find any reserve out there but there is no guide that similar with American Gods. It gives you thrill looking at journey, its open up your eyes about the thing this happened in the world which is might be can be happened around you. It is possible to bring everywhere like in park, café, or even in your way home by train. Should you be having difficulties in bringing the published book maybe the form of American Gods in e-book can be your option.

Susan Munoz:

Nowadays reading books become more and more than want or need but also turn into a life style. This reading practice give you lot of advantages. The advantages you got of course the knowledge the particular

information inside the book which improve your knowledge and information. The data you get based on what kind of e-book you read, if you want drive more knowledge just go with training books but if you want really feel happy read one having theme for entertaining like comic or novel. The actual American Gods is kind of e-book which is giving the reader unstable experience.

Josie Garcia:

Hey guys, do you wishes to finds a new book to learn? May be the book with the headline American Gods suitable to you? The particular book was written by popular writer in this era. The particular book untitled American Godsis the main of several books in which everyone read now. This book was inspired a number of people in the world. When you read this publication you will enter the new dimensions that you ever know prior to. The author explained their plan in the simple way, and so all of people can easily to recognise the core of this publication. This book will give you a wide range of information about this world now. So that you can see the represented of the world in this book.
