### Editorial Review

#### Review

"Sixteen chapters that provide an excellent reference guide for internal auditors" (LRP, April 2009)

#### From the Inside Flap

"This is a remarkable book. There are so many internal auditing books around that it is very refreshing indeed to find one that breaks all the moulds, that comes across as a unique contribution and not just another technical tome. It should be consulted by all those who desire an insightful and inspired appreciation of the development of internal auditing throughout the second half of the 20th century and into the 21st century."

—**Professor Andrew Chambers**

"Professor Jeffrey Ridley has prepared a well-researched resource to help auditors perform and excel. Internal auditing is now seen as a major force that is endorsed by regulatory agencies world-wide. There is, though, a clear gap between doing good audit work and providing a cutting edge audit service - which is where this excellent new book comes into its own; in stimulating the imaginative thinking needed to close this gap."

—**K.H. Spencer-Pickett**

"Professor Jeffrey Ridley's *Cutting Edge Internal Auditing* offers a wealth of new knowledge and thinking as well as timeless and insightful advice that will enhance the internal audit effort. Practitioners and members of academe will find this well-researched book to be global, authoritative, comprehensive, and an indispensable reference that should grace the bookshelf of every internal auditor."

—**Lal Balkaran**

"The author's personal perspective on issues important to internal auditing makes this volume a 'must read' for internal auditors."

—**Dr. Curtis C. Verschoor**
