Essentials of the Earth: An Encyclopedia of Oils, Blends and Applications

By Rex James, Robert James

Essentials of the Earth - 6th Edition, October 2016, is a concise, user-friendly guide to essential oils, with all the latest updates in its 282 pages. Its portable size and coil binding make it easy to take just about anywhere and it lays flat when you are reading from its pages. Essentials of the Earth features a unique and wonderful "A to Z Guide" that catalogs scores of common health concerns and reviews how single oils, oil blends, oil-based products and supplements, can be applied to help address the issues at hand. Helpful usage charts round out this ready reference. The encyclopedia includes information on essential oils and their prevalence in history, oils as an alternative to modern medicine, and methods for identifying essential oils for specific health concerns. This manual also addresses safety, science, and synergies of essential oils. Also included are Reflexology charts of the feet, hands, and ear. The Massage Blend Technique chart gives a clinical approach to essential oil application. The Quick Reference for "How Many Drops Are . . . ? provides guidance on how many drops are in different size containers, bottles, capsules, and in a teaspoon. You will love this comprehensive and focused guide to using essential oils!

Editorial Review

Users Review

From reader reviews:

Barbara Roundtree:

Nowadays reading books become more and more than want or need but also get a life style. This reading routine give you lot of advantages. Associate programs you got of course the knowledge the rest of the information inside the book this improve your knowledge and information. The information you get based on what kind of guide you read, if you want send more knowledge just go with training books but if you want experience happy read one along with theme for entertaining for instance comic or novel. The Essentials of the Earth: An Encyclopedia of Oils, Blends and Applications is kind of guide which is giving the reader unpredictable experience.

Brian Seery:

Beside this particular Essentials of the Earth: An Encyclopedia of Oils, Blends and Applications in your phone, it could possibly give you a way to get more close to the new knowledge or information. The information and the knowledge you might got here is fresh in the oven so don't possibly be worry if you feel like an older people live in narrow commune. It is good thing to have Essentials of the Earth: An Encyclopedia of Oils, Blends and Applications because this book offers to you readable information. Do you sometimes have book but you seldom get what it's exactly about. Oh come on, that won't happen if you have this inside your hand. The Enjoyable agreement here cannot be questionable, like treasuring beautiful island. So do you still want to miss that? Find this book and read it from now!

Sherry Holsey:

As a student exactly feel bored to reading. If their teacher expected them to go to the library or to make summary for some e-book, they are complained. Just small students that has reading's heart or real their leisure activity. They just do what the teacher want, like asked to go to the library. They go to generally there but nothing reading critically. Any students feel that looking at is not important, boring in addition to can't see colorful photographs on there. Yeah, it is to become complicated. Book is very important for yourself. As we know that on this period of time, many ways to get whatever we really wish for. Likewise word says, ways to reach Chinese's country. Therefore this Essentials of the Earth: An Encyclopedia of Oils, Blends and Applications can make you feel more interested to read.

Hugo Carter:

What is your hobby? Have you heard this question when you got students? We believe that that query was

given by teacher for their students. Many kinds of hobby, Everyone has different hobby. Therefore you know that little person like reading or as reading through become their hobby. You need to understand that reading is very important and also book as to be the factor. Book is important thing to add you knowledge, except your own teacher or lecturer. You get good news or update about something by book. Numerous books that can you choose to adopt be your object. One of them is Essentials of the Earth: An Encyclopedia of Oils, Blends and Applications.
