**How to Analyze Financial Statements** By Dr. N Ramachandran, Dr Ram Kumar Kakani

"Finance Made Easy Series has been designed to cater to managers and executives with little understanding of finance and little time to read treatises on financial management. Hence, the series seeks to demystify apparently complex financial statements and help create a finance-savvy executive class—the key to fiscally sound and successful businesses. A lucid, creative and concise exposition of financial statements, their components, jargon and computational methods along with short stories and numerical examples makes for an engaging reading for busy professionals. How to Analyze Financial Statements focuses on Financial Statements, which are timely account of the financial situation of an enterprise. The book covers: • Overview and importance of financial statements • Steps involved in analyzing financial statements • Different type of analyses • Comparison using financial ratios • Solved illustrations and exercises Using simple language and short stories to set the stage and tone for theoretical discussions, this book helps non-finance executives make sense of jargon-laden financial statements of their firms."

### **Users Review**

#### **From reader reviews:**

##### **Joseph Braddock:**

As people who live in typically the modest era should be revise about what going on or information even knowledge to make these keep up with the era that is always change and move ahead. Some of you maybe will certainly update themselves by looking at books. It is a good choice for you personally but the problems coming to an individual is you don't know what one you should start with. This How to Analyze Financial Statements is our recommendation to help you keep up with the world. Why, as this book serves what you want and need in this era.

##### **Arielle Griffin:**

Nowadays reading books become more and more than want or need but also be a life style. This reading habit give you lot of advantages. Associate programs you got of course the knowledge the actual information inside the book this improve your knowledge and information. The details you get based on what kind of e-book you read, if you want get more knowledge just go with education and learning books but if you want truly feel happy read one having theme for entertaining such as comic or novel. The actual How to Analyze Financial Statements is kind of reserve which is giving the reader unstable experience.

##### **Daniel Scott:**

Are you kind of stressful person, only have 10 or maybe 15 minute in your morning to upgrading your mind ability or thinking skill possibly analytical thinking? Then you have problem with the book compared to can satisfy your short time to read it because this all time you only find e-book that need more time to be learn. How to Analyze Financial Statements can be your answer given it can be read by an individual who have those short time problems.

**Amy Parr:**

A lot of e-book has printed but it differs from the others. You can get it by net on social media. You can choose the very best book for you, science, amusing, novel, or whatever by simply searching from it. It is called of book How to Analyze Financial Statements. You can add your knowledge by it. Without making the printed book, it can add your knowledge and make an individual happier to read. It is most essential that, you must aware about publication. It can bring you from one spot to other place.
