Sauron Defeated (History of Middle-Earth) By Christopher Tolkien

The final part of The History of The Lord of the Rings, an enthralling account of the writing of the Book of the Century which contains many additional scenes and includes the unpublished Epilogue in its entirety. In the first section of Sauron Defeated Christopher Tolkien completes his fascinating study of The Lord of the Rings. Beginning with Sam's rescue of Frodo from the Tower of Cirith Ungol, and giving a very different account of the Scouring of the Shire, this section ends with versions of the hitherto unpublished Epilogue, in which, years after the departure of Bilbo and Frodo from the Grey Havens, Sam attempts to answer his children's questions. The second section is an edition of The Notion Club Papers. These mysterious papers, discovered in the early years of the twenty-first century, report the discussions of an Oxford club in the years 1986-7, in which after a number of topics, the centre of interest turns to the legend of Atlantis, the strange communications received by other members of the club from the past, and the violent irruption of the legend into the North-west of Europe. This series of fascinating books has now been repackaged to complement the distinctive and classic style of the 'black cover' A-format paperbacks of The Hobbit, The Lord of the Rings, The Silmarillion and Unfinished Tales.

Editorial Review

From the Back Cover

In the first part of *Sauron Defeated*, Christopher Tolkien completes his account of the writing of *The Lord of the Rings*, beginning with Sam's rescue of Frodo from the Tower of Kirith Ungol, and giving a very different account of the Scouring of the Shire. This part ends with versions of the previously unpublished Epilogue, an alternate ending to the masterpiece in which Sam attempts to answer his children's questions years after the departure of Bilbo and Frodo from the Grey Havens. The second part introduces *The Notion Club Papers*, now published for the first time. Written by J. R. R. Tolkien in the interval between *The Two Towers* and *The Return of the King* (1945-1946), these mysterious Papers, discovered in the early years of the twenty-first century, report the discussions of a literary club in Oxford in the years 1986-1987. Those familiar with the Inklings will see a parallel with the group whose members included J. R. R. Tolkien and C. S. Lewis. After a discussion of the possibilities of travel in space and time through the medium of 'true dream,' the story turns to the legend of Atlantis, the strange communications received by members of the club out of remote past, and the violent irruption of the legend into northwestern Europe. Closely associated with the Papers is a new version of the Numenorean legend, *The Drowning of Anadune*, which constitutes the third part of the book. At this time the language of the Men of the West, Adunaic, was first devised - Tolkien's fifteenth invented language. The book concludes with an elaborate account of the structure of this language by Arundel Lowdham, a member of the Notion Club, who learned it in his dreams. *Sauron Defeated* is illustrated with the changing conceptions of the fortress of Kirith Ungol and Mount Doom, previously unpublished drawings of Orthanc and Dunharrow, and fragments of manuscript written in Numenorean script.

About the Author

J.R.R.Tolkien (1892-1973) was a distinguished academic, though he is best known for writing *The Hobbit*, *The Lord of the Rings* and *The Silmarillion*, plus other stories and essays. His books have been translated into over 30 languages and have sold many millions of copies worldwide

Users Review

From reader reviews:

Mary Moore:

What do you with regards to book? It is not important together with you? Or just adding material when you require something to explain what your own problem? How about your spare time?
