Editorial Review

Review

“Kingdon’s book is an outstanding teaching tool about the policy process. I have used it in my undergraduate and graduate public policy seminars since its first publication and found it to be fresh and interesting to the students, always generating lively discussion about how issues get on the agenda.”

—from James A. Thurber’s Foreword

From the Back Cover

Longman Classics in Political Science

In reissuing classic works in political science, Longman celebrates the contributions its authors and their research have made to the discipline. The new Longman Classics in Political Science series honors these authors and their work. Providing students with an updated context, each title in the series includes a new foreword, written by one of today’s top scholars, offering fresh, in-depth analysis of the book and its enduring contributions.

“Kingdon’s book is an outstanding teaching tool about the policy process. I have used it in my undergraduate and graduate public policy seminars since its first publication and found it to be fresh and interesting to the students, always generating lively discussion about how issues get on the agenda.”

—from James A. Thurber’s Foreword

Kingdon’s landmark work on agenda setting and policy formation is drawn from interview conducted with people in and around the U.S. federal government, and from case studies, government documents, party platforms, press coverage, and public opinion surveys. While other works examine how policy issues are decided, Kingdon’s book was the first to consider how issues got to be issues. This enduring work attempts to answer the questions: How do subjects come to officials’ attention? How are the alternatives from which they choose generated? How is the governmental agenda set? Why does an idea’s time come when it does?

Longman is proud to announce that *Agendas, Alternatives, and Public Policies* has been reissued in this Longman Classics edition, featuring a new epilogue: Health Care Reform from Clinton to Obama. Comparing the Clinton administration in 1993 with the Obama administration in 2009 and 2010, Kingdon analyses how agenda setting, actors, and alternatives affect public policy.

Users Review

From reader reviews:

Eric Campanelli:

What do you ponder on book? It is just for students because they're still students or it for all people in the world, exactly what the best subject for that? Merely you can be answered for that question above. Every person has different personality and hobby for every single other. Don't to be pressured someone or something that they don't want do that. You must know how great in addition to important the book *Agendas, Alternatives, and Public Policies, Update Edition, with an Epilogue on Health Care (2nd Edition) (Longman Classics in Political Science)*. All type of book are you able to see on many options. You can look

for the internet resources or other social media.

Todd Goff:
