### NGOs in Contemporary Britain: Non-state Actors in Society and Politics since 1945 From Palgrave Macmillan

Examining the history of social movements and non-state socio-political action, this volume shows how Non-Governmental Organisations (NGOs) have proliferated in Britain since 1945, and how they have raised new political agendas, revived associational life, and arguably re-politicized generations disillusioned with the politics of the ballot box.

## **Editorial Review**

### **Review**

'The volume brings together fourteen excellent chapters by younger and more senior scholars, and this short review cannot do justice to the conceptual sophistication and empirical diversity of all its individual contributions. . . . This book is one of the very few edited collections in which the whole is more than its constituent parts. And it is an indication of the high quality and coherence of the volume's contributions that it provokes a series of questions that might lead to a more general debate about the key themes of contemporary British history.. In short, this book offers an extremely valuable compendium to a much neglected, yet extremely important part of contemporary British history and deserves a large readership.'

Holger Nehring, Twentieth-Century British History

'This book seeks to rectify a relative neglect of socio-political action by historians. It does so through a series of appropriately selected and well executed case studies of particular organisations or movements. . . . This book raises as many questions as it answers, but that is a sign of strength rather than weakness and hopefully it will encourage further research in this area.' Wyn Grant, Contemporary British History

'This is the first book-length analysis of one of the key features of post-1945 Britain: the proliferation of NGOs. . . . As the cover illustration suggests, the idea that the British are apathetic about how the world is run is difficult to reconcile with the scale and diversity of this activity. Neither the current political claims about 'broken Britain', nor historical narratives about the welfare state largely ending the role of the voluntary sector should survive a reading of this book. . . . Overall, this is an innovative and informative collection, which lays the basis for much more work on the significance of these bodies for our understanding of democracy and its workings in modern Britain.'

Jim Tomlinson, British Scholar

'NGOs in Contemporary Britain brings together a fascinating collection of case studies through which to contextualize changing understanding of what constitutes political activism. . . . As a collection [it] contains contributions that encompass the formal and informal, local and global, structured and voluntary, secular and religious, the everyday and the spectacular, reformist and more radicalized that together encompass the diversity of the term NGO, while managing not to lose all sense of the meaning of the term. It is a weight that the term appears largely able to bear.'

Lucy Robinson, Economic History Review

## Users Review

### From reader reviews:

#### Diane Dean:

Do you have favorite book? When you have, what is your favorite's book? E-book is very important thing for us to know everything in the world. Each book has different aim or maybe goal; it means that reserve has different type. Some people experience enjoy to spend their time and energy to read a book. They are really reading whatever they take because their hobby will be reading a book. What about the person who don't like examining a book? Sometime, person feel need book if they found difficult problem or even exercise. Well, probably you should have this NGOs in Contemporary Britain: Non-state Actors in Society and Politics since 1945.

#### Robert Perkins:

Information is provisions for anyone to get better life, information today can get by anyone at everywhere. The information can be a expertise or any news even an issue. What people must be consider if those information which is in the former life are challenging to be find than now's taking seriously which one is acceptable to believe or which one the actual resource are convinced. If you find the unstable resource then you buy it as your main information there will be huge disadvantage for you. All of those possibilities will not happen with you if you take NGOs in Contemporary Britain: Non-state Actors in Society and Politics since 1945 as the daily resource information.

#### Donna Hubbard:

Playing with family in a very park, coming to see the coastal world or hanging out with good friends is thing that usually you have done when you have spare time, subsequently why you don't try matter that really opposite from that. Just one activity that make you not sensation tired but still relaxing, trilling like on roller coaster you are ride on and with addition of knowledge. Even you love NGOs in Contemporary Britain: Non-state Actors in Society and Politics since 1945, you can enjoy both. It is fine combination right, you still need to miss it? What kind of hangout type is it? Oh come on its mind hangout guys. What? Still don't understand it, oh come on its called reading friends.

#### Jim Loop:

What is your hobby? Have you heard in which question when you got learners? We believe that that problem was given by teacher to the students. Many kinds of hobby, Every individual has different hobby. Therefore you know that little person like reading or as studying become their hobby. You need to know that reading is very important and book as to be the issue. Book is important thing to provide you knowledge, except your

personal teacher or lecturer. You will find good news or update about something by book. Amount types of books that can you take to be your object. One of them is this NGOs in Contemporary Britain: Non-state Actors in Society and Politics since 1945.
