Freedom's Right: The Social Foundations of Democratic Life (New Directions in Critical Theory) By Axel Honneth

Theories of justice often fixate on purely normative, abstract principles unrelated to real-world situations. The philosopher and theorist Axel Honneth addresses this disconnect, and constructs a theory of justice derived from the normative claims of Western liberal-democratic societies and anchored in morally legitimate laws and institutionally established practices.

Honneth's paradigm?which he terms "a democratic ethical life"?draws on the spirit of Hegel's Philosophy of Right and his own theory of recognition, demonstrating how concrete social spheres generate the tenets of individual freedom and a standard for what is just. Using social analysis to re-found a more grounded theory of justice, he argues that all crucial actions in Western civilization, whether in personal relationships, market-induced economic activities, or the public forum of politics, share one defining characteristic: they require the realization of a particular aspect of individual freedom. This fundamental truth informs the guiding principles of justice, enabling a wide-ranging reconsideration of its nature and application.

Editorial Review

Review

Freedom's Right is a stunningly ambitious exploration of the ways in which major institutions of Western society promote freedom and at the same time present obstacles to its realization. Axel Honneth defends a compelling conception of social freedom grounded in mutual recognition, which he employs both to comprehend contemporary social reality and to reveal its deficiencies. Characterized by an extraordinary richness of detail, this book's aim is a provocative mix of reconciliation and critique. No social philosopher has attempted a project of this scope since Hegel composed the *Philosophy of Right* almost two hundred years ago.

(Frederick Neuhouser, Barnard College)

Breaking with the dominant style of contemporary political philosophy, Axel Honneth demonstrates how fruitful it can be to develop a theory of social justice not simply by appealing to common beliefs and intuitions but more fundamentally by understanding the characteristic institutions of modern society. *Freedom's Right* is a brilliant work by one of today's leading philosophers.

(Charles Larmore, Brown University)

Honneth has provided us with a central reference point for future debates on the nature of modernity, freedom, justice, and the social world.

(Arto Laitinen *Review of Politics*)

Review

This book is a major statement by the distinctive perspective of a pivotal figure in the Frankfurt School tradition. Axel Honneth's accounts of social freedom, normative reconstruction, and societal pathologies are sure to be points of reference within critical social theory for decades to come.

(Joel Anderson, Utrecht University)

About the Author

Axel Honneth is professor of philosophy at the Johann Wolfgang Goethe University of Frankfurt and the Jack C. Weinstein Professor for the Humanities at Columbia University. His books include *Pathologies of Reason: On the Legacy of Critical Theory*; *The Struggle for Recognition: The Moral Grammar of Social Conflicts*; *Philosophical Interventions in the Unfinished Project of Enlightenment*; and *The Critique of Power: Reflective Stages in a Critical Social Theory*.

Users Review

From reader reviews:

Kimberly Pratt:

Nowadays reading books are more than want or need but also get a life style. This reading habit give you lot of advantages. Associate programs you got of course the knowledge the rest of the information inside the book this improve your knowledge and information. The data you get based on what kind of reserve you read, if you want have more knowledge just go with training books but if you want really feel happy read one using theme for entertaining such as comic or novel. Often the Freedom's Right: The Social Foundations of Democratic Life (New Directions in Critical Theory) is kind of e-book which is giving the reader capricious experience.

Wendell Darnell:

This Freedom's Right: The Social Foundations of Democratic Life (New Directions in Critical Theory) is great e-book for you because the content which can be full of information for you who else always deal with world and get to make decision every minute. That book reveal it facts accurately using great organize word or we can point out no rambling sentences inside it. So if you are read the idea hurriedly you can have whole information in it. Doesn't mean it only offers you straight forward sentences but challenging core information with beautiful delivering sentences. Having Freedom's Right: The Social Foundations of Democratic Life (New Directions in Critical Theory) in your hand like keeping the world in your arm, details in it is not ridiculous just one. We can say that no e-book that offer you world in ten or fifteen second right but this guide already do that. So , it is good reading book. Hello Mr. and Mrs. occupied do you still doubt that?

Paige Robinson:

Reading a book to be new life style in this year; every people loves to study a book. When you learn a book you can get a lots of benefit. When you read textbooks, you can improve your knowledge, since book has a lot of information on it. The information that you will get depend on what types of book that you have read. If you need to get information about your review, you can read education books, but if you want to entertain yourself read a fiction books, this kind of us novel, comics, along with soon. The Freedom's Right: The Social Foundations of Democratic Life (New Directions in Critical Theory) will give you new experience in looking at a book.

Gerald Wright:

As a student exactly feel bored for you to reading. If their teacher expected them to go to the library in order to make summary for some reserve, they are complained. Just little students that has reading's spirit or real their interest. They just do what the educator want, like asked to go to the library. They go to presently there but nothing reading seriously. Any students feel that examining is not important, boring and can't see colorful pics on there. Yeah, it is to be complicated. Book is very important for yourself. As we know that on this age, many ways to get whatever we wish. Likewise word says, many ways to reach Chinese's country. Therefore this Freedom's Right: The Social Foundations of Democratic Life (New Directions in Critical Theory) can make you experience more interested to read.
