### **The Sociology of Gender: A Brief Introduction** By Laura Kramer

An ideal "essentials" text for introductory courses, *The Sociology of Gender*, Third Edition, provides a concise--yet also in-depth--overview of basic sociological concepts and perspectives on gender. Focusing primarily on the contemporary United States, author Laura Kramer integrates history, theory, and research in order to examine the current gender system and the ways in which macro-, middle-, and micro-level societal forces have changed that system over time. In addition, Kramer's explicitly sociological approach provides an alternative to--and critiques of--prevailing biological and psychological approaches to gender and sexual orientation.

Featuring an exceptionally accessible and engaging writing style, *The Sociology of Gender* explores how race, ethnicity, and social class affect the meaning of gender. A chapter on culture provides a close look at traditionally dominant versions of femininities and masculinities and how they are communicated through language, mass media, and religion. The concepts of individual agency and resistance, introduced in the first chapter, resurface throughout in discussions of culture and socialization. **The third edition provides increased coverage of such cutting-edge topics as men and masculinity, intersectionality, and the body and sexuality (including homosexuality).** An updated Instructor's Manual and Test Bank is available to adopters.

Enhanced by numerous real-world examples, a glossary, and evocative discussion questions, *The Sociology of Gender*, Third Edition, is an accessible and lively overview that is ideal for introductory sociology courses.

### **Editorial Review**

#### **Review**

"This is the best brief text on the market. It does not talk down to students, but presents scholarly research in a clear, intelligible form." --Marilyn Helterline, State University of New York College at Oneonta

"Such a concise and focused text simultaneously provides a solid theoretical foundation while allowing room in the course for creative pedagogical practices." --Jennifer Johnson, Virginia Commonwealth University

#### **About the Author**

Laura Kramer is Professor Emerita of Sociology and Women's Studies at Montclair State University.

### **Users Review**

#### **From reader reviews:**

##### **Sandra Yunker:**

Have you spare time to get a day? What do you do when you have far more or little spare time? Yep, you can choose the suitable activity to get spend your time.
