### VJ (includes DVD): Audio-Visual Art and VJ Culture By D-Fuse

A major change has taken place at dance clubs worldwide: the advent of the VJ. Once the term referred to the video jockey who introduced music videos on MTV, but now it defines an artist who creates and mixes video, live and synced to music, in clubs or at concerts. This book is an in-depth look at the artists at the forefront of this amazing audio-visual experience. The book combines how-to, showcase and reference elements, opening with a series of articles on contextual and historical issues. The central section showcases the work of a wide selection of international VJs, and the last chapter covers equipment (hardware and software) and typical stage set-ups (explaining equipment, the use of space, how to create an environment to suit an audience, and more) along with supplementary guidelines and tips on how to master a performance.

**Lawrence Fox:**

As a scholar exactly feel bored to reading. If their teacher expected them to go to the library or to make summary for some book, they are complained. Just little students that has reading's soul or real their passion. They just do what the trainer want, like asked to the library. They go to presently there but nothing reading critically. Any students feel that studying is not important, boring in addition to can't see colorful pictures on there. Yeah, it is to get complicated. Book is very important for yourself. As we know that on this time, many ways to get whatever we would like. Likewise word says, many ways to reach Chinese's country. So , this VJ (includes DVD): Audio-Visual Art and VJ Culture can make you really feel more interested to read.
