### Antologi Rasa (Indonesian Edition) By Ika Natassa

Synopsis: K e a r a We're both just people who worry about the breaths we take, not how we breathe. How can we be so different and feel so much alike? And tonight, three years after the night that made me fall in love my dear, I'm laying here looking at the stars in Singapore's dark sky, and I still love you. And maybe you'll never know. Three years of my wasted life loving you. R u l y What I didn't tell Keara was that I felt that the only moment that could beat my happiness and relief that dawn is if one day I enter a hospital ward today and Denise is holding our baby she just gave birth into. What I didn't tell her was the warmth I felt in my breast when the nurse woke me up that morning and said that my wife were coming to, and that I never meant to correct that statement at all. Keep on dreaming. H a r r i s My definition of happy: seeing you laugh freely. Your definition of happy? Maybe I'll never know. Because every time I tried to do sweet things I did to other women and that never failed to blew them away, what I heard from you was, "Harris darling, stop being such a goody-goody. Go back to being the chauvinistic jerk that I love.' That's probably as close as I can get to hearing that she loves me. Three friends. One question. What if in the person that you love, you find a best friend instead of a lover? "In the book, courageously Ika Natassa plays the role of every character and told the story from their point of view, resulting in an interesting dynamic, sharp, smart and humorous along the way." Dewi Lestari - writer "The book answers my yearning of straightforward and fascinating stories of the urban creatures distinctive to the writer." Sitta Karina - writer, freelance contributor. "Love this novel! With many characters and stories, she tells an honest, frank and down to earth story. If only every book I read was this good." Ninit Yunita - writer (www.istribawel.com) "The Anthology of Feeling is a no-barrier urban novel. A reference for pop culture and the strong location setting makes it rich, festive and fun. A page turner indeed!" Ve Handojo - script writer (http://www.gramediainternational.com/book/detail/9789792274394)
