**Don't Even Think About It** By Sarah Mlynowski

**Contemporary teen fiction with romance, secrets, scandals, and ESP from the author of *Bras & Broomsticks*!**

We weren't always like this. We used to be average New York City high school sophomores. Until our homeroom went for flu shots. We were prepared for some side effects. Maybe a headache. Maybe a sore arm. We definitely didn't expect to get telepathic powers. But suddenly we could hear what everyone was thinking. Our friends. Our parents. Our crushes. Now we all know that Tess is in love with her best friend, Teddy. That Mackenzie cheated on Cooper. That, um, Nurse Carmichael used to be a stripper.

Since we've kept our freakish skill a secret, we can sit next to the class brainiac and ace our tests. We can dump our boyfriends right before they dump us. We know what our friends really think of our jeans, our breath, our new bangs. We always know what's coming. Some of us will thrive. Some of us will crack. None of us will ever be the same.

So stop obsessing about your ex. We're always listening.

"Smart and frequently hilarious."—*Publishers Weekly*, starred

"A tour-de-force comic narration that will leave you gasping in awe—if you ever catch your breath from laughing."—E. Lockhart, author of *We Were Liars*

"Hilarious, moving, and utterly ingenious."—Robin Wasserman, author of *The Book of Blood and Shadow* and *The Waking Dark*

"Sarah Mlynowski does it again with a fresh, fun, and fabulous story filled with secrets, surprises, and a sixth sense. Don't even THINK about passing up this hilarious read!"—Elizabeth Eulberg, author of *The Lonely Hearts Club*

"Finally, someone understands that if you develop powers as a teenager, it's not the government you have to watch out for—it's your best friends. Funny, realistic, heartfelt, satiric, and unpredictable."—Ned Vizzini, *New York Times* bestselling author of *It's Kind of a Funny Story*

### Editorial Review

From School Library Journal

Gr 8 Up—Imagine if you had the ability to read other people's minds. What if you could finally know whether your best friend wants to be more than friends, too? What if you could ace every test simply by sitting next to the smartest kid in class? Would you want to know all of your parents' secrets and your teachers' as well? For a group of Bloomberg High School sophomores in Tribeca, every one of these things is possible. After being exposed to a contaminated batch of flu shots, the students of homeroom 10B realize that they can hear the thoughts of everyone else around them. In some ways, their newfound telepathy is a gift. They no longer have to constantly question what people think about them. Studying is a burden of the past. But the downside to hearing everything is that they hear things they never wanted to know. Told in the words of an omniscient narrator who is known only as one of the "espies" (kids with ESP), the story follows several weeks in the life of the 10B sophomores. Readers may struggle to keep up with a large cast of characters, but each sophomore has a helpful distinguishing characteristic. The beginning feels like an info dump. However, the pacing sorts itself out quickly. Mlynowski writes teen protagonists with heart and depth—authentically illustrating the trials and tribulations of the high school experience, rather than making a mockery out of adolescent egocentrism. This is a fun read, recommended for fans of contemporary fiction.—Liz Overberg, Darlington School, Rome, GA

From the author of *Ten Things We Did (and Probably Shouldn't Have)* (2011) comes a what-if novel about ordinary tenth-graders who gain extraordinary telepathic powers when their homeroom receives a contaminated batch of the flu vaccine. Instead of leaving students with a sore arm or a headache, the tainted vaccine gives the kids at Manhattan's Bloomberg High School the ability to read their fellow "Espies" minds. Obviously, this is a blessing and a curse: it's helpful for anxious Olivia when it comes to executing a perfect first date, but less so for Mackenzie, who has cheated on her longtime boyfriend. The omniscient narrator here is "we"—as in the affected ones—and "we" often interjects with sassy commentary like "Were we surprised by that? Not even a little." This novel establishes the scenario well, but readers will hope for a sequel with amped-up Espie secrets and scandals. Hand to fans of Cecily von Ziegesar's all-seeing *Gossip Girl* and Jenny Han and Siobhan Vivian's *Burn for Burn* revenge books. Now, flu shot, anyone? **HIGH-DEMAND BACKSTORY:** Mlynowski's books have been translated into 22 languages and optioned to Hollywood. Her fan base? It's huge. Grades 7-10. --Ann Kelley

Review

#### **Starred Review, *Publishers Weekly*, January 6, 2014:**

"Mlynowski continues to make comedy look easy in this smart and frequently hilarious novel, which features a collective first-person narrative that fits the premise like a glove... Filled with heartbreak, hilarity, and some brutal truths, Mlynowski's novel will leave readers thinking about the gaps between our private and public selves and the lies we tell others and ourselves."

#### **RT Book Reviews, March 2014:**

"Mlynowski hits all the right notes. There's enough levity to keep readers laughing, but this is far from fluff--the real-life commotions are engaging, and the characters are fully developed. The story is funny, sweet and true to life, as readers have come to expect from Mlynowski. Her teens are emotional without being drama queens, amusing but not twee. A perfect read."

#### **Booklist, January 1, 2014:**

"Readers will hope for a sequel with amped-up Espie secrets and scandals. Hand to fans of Cecily von Ziegesar's all-seeing *Gossip Girl* and Jenny Han and Siobhan Vivian's *Burn for Burn* revenge books. Now, flu shot, anyone?"

**Kirkus Reviews, February 1, 2014:**

"The multiple characters are remarkably distinctive, and the plot moves along briskly, combining family drama, complicated romance and friendship turmoil into a compelling view of teen dynamics."

**School Library Journal, April 2014:**

"Mlynowski writes teen protagonists with heart and depth—authentically illustrating the trials and tribulations of the high school experience, rather than making a mockery out of adolescent egocentrism. This is a fun read, recommended for fans of contemporary fiction."
