First Meetings: In Ender's Universe (The Ender Quartet series) By Orson Scott Card

Welcome to the Enderverse.

When "*Ender's Game*" was first published as a novella twenty-five years ago few would have predicted that it would become one of the most successful ventures in publishing history. Expanded into a novel in 1985, *Ender's Game* won both the Hugo Award and the Nebula Award for Best Novel. Never out of print and translated into dozens of languages, it is the rare work of fiction that can truly be said to have transcended a genre. *Ender's Game* and its sequels have won dozens of prestigious awards and are as popular today among teens and young readers as adults.

First Meetings is a collection of three novellas-plus the original "*Ender's Game*"-that journey into the origins and the destiny of one Ender Wiggin.

"*The Polish Boy*" begins in the wake between the first two Bugger Wars when the Hegemony is desperate to recruit brilliant military commanders to repel the alien invasion. In John Paul Wiggin-the future father of Ender -they believe they may have found their man. Or boy.

In "*Teacher's Pest*"-a novella written especially for this collection-a brilliant but insufferably arrogant John Paul Wiggin, now an American university student, matches wits with an equally brilliant graduate student named Theresa Brown.

It is many years since the end of the Bugger Wars in "*The Investment Counselor*." Ender's reputation as a hero and savior has suffered a horrible reversal. Banished from Earth and slandered as a mass murderer, twenty-year-old Andrew Wiggin wanders incognito from planet to planet as a fugitive. Until a blackmailing tax inspector compromises his identity and threatens to expose Ender the Xenocide.

Also reprinted here is the original landmark novella, "*Ender's Game*," which first appeared in 1977.

Fully illustrated, *First Meetings* is Orson Scott Card writing at the height of his

considerable power about his most compelling character.

At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

A War of Gifts, First Meetings.

The Authorized Ender Companion: A complete and in-depth encyclopedia of all the persons, places, things, and events in Orson Scott Card's Ender Universe.

From School Library Journal

Grade 6 Up-Andrew "Ender" Wiggins, a brilliant leader and tactician and destined to save Earth by destroying an entire alien civilization at the age of 12, was first introduced in Card's "Ender's Game" in Analog magazine (1977). That novella, plus three other stories (including one never before published) make up this appealing and entertaining collection of tales, all dealing with first meetings that played significant roles in the life of Ender Wiggins. "The Polish Boy" introduces his extraordinary father, John Paul, who manages at the age of six to trick the Hegemony into bringing his entire family from Poland to the United States. "Teacher's Pest" is the story of how John Paul meets and romances the equally brilliant graduate student Theresa Brown. Finally, in "The Investment Counselor," a mysterious accounting program named Jane appears just when 20-year-old Andrew Wiggins needs help figuring out both his taxes and what to do with the rest of his life. All four stories use the future setting as a framework to explore various issues of religion, government control, population limits, education, and moral responsibility. Character, setting, plot-Card does them all right, and makes it look effortless. The graphic novelesque illustrations will appeal to teens. For newcomers to Ender's universe and long-time fans, this book will hit the spot and whet the appetite for more.

Review

"[An] appealing and entertaining collection of tales....For newcomers to Ender's universe and longtime fans, this book will hit the spot and whet the appetite for more."--School Library Journal on *First Meetings*

"Showcases Card's talent at developing the inner life of a character. Even those who are intimately familiar with the concepts of the Game from later Ender books will be struck anew by Card's virtuosity. His powerful voice and startlingly clear vision will draw many new readers into a lifelong love of science fiction. This accessible collection will impress even non-sci-fi buffs, besides being a must-have for Ender saga devotees."--Publishers Weekly on *First Meetings*

"These stories demonstrate the assured scene setting, apparently effortlessly sustained suspense, and moral preoccupation with the responsibilities of kinship and friendship that distinguishes Ender's entire saga."--Booklist on *First Meetings*
