## Subverted: How I Helped the Sexual Revolution Hijack the Women's Movement By Sue Ellen Browder

Contraception and abortion were not originally part of the 1960s women's movement. How did the women's movement, which fought for equal opportunity for women in education and the workplace, and the sexual revolution, which reduced women to ambitious sex objects, become so united?

In *Subverted*, Sue Ellen Browder documents for the first time how it all happened, in her own life and in the life of an entire country. Trained at the University of Missouri School of Journalism to be an investigative journalist, Browder unwittingly betrayed her true calling and became a propagandist for sexual liberation. As a long-time freelance writer for *Cosmopolitan* magazine, she wrote pieces meant to soft-sell unmarried sex, contraception, and abortion as the single woman's path to personal fulfillment. She did not realize until much later that propagandists higher and cleverer than herself were influencing her thinking and her personal choices as they subverted the women's movement.

The thirst for truth, integrity, and justice for women that led Browder into journalism in the first place eventually led her to find forgiveness and freedom in the place she least expected to find them. Her in-depth research, her probing analysis, and her honest self-reflection set the record straight and illumine a way forward for others who have suffered from the unholy alliance between the women's movement and the sexual revolution.

"*Subverted* offers a window into our uniquely disturbed historical era. Generations of readers will turn to *Subverted* when they want to know what turned the tide."

— **Jennifer Roback Morse, Ph.D.**, Founder and President, the Ruth Institute

"Here are two books, two stories in one. The first opens your heart, the second opens your eyes."

— **Peter Kreeft, Ph.D.**, Professor of Philosophy, Boston College

"Here is the eye-opening account of how the feminist movement got hopelessly off track, and how a one-time *Cosmo* writer managed to find her way back to God's reality."

— **Steven Mosher**, President, Population Research Institute

"This is a courageous book!"

— **Vicki Thorn**, Founder, Project Rachel

"A gripping story that uncovers the dirty secrets behind the women's movement. A must-read for Millennials."

— **Kristan Hawkins**, President, Students for Life of America

"Browder's understanding of the human person, the intrinsic need for relationship, is beautiful and deep."

— **Jeanne Mancini**, Director, March for Life

Here are two books, two stories in one. Either one of them makes this book a must-read. It is above all a love story told by a woman with great writing talent. It is also a story about the women's movement and its infection by the lies and propaganda of the sexual revolution and the culture of death. The first opens your eyes, the second opens your heart. When eyes open, light shines; when hearts open, tears flow. Bring sunglasses and handkerchiefs when you read this book.
