### **Editorial Review**

#### **About the Author**

##### **About the Author:**

Paracelsus, born in Einsiedeln, Switzerland, was an alchemist, physician, astrologer, and general occultist. Born Phillip von Hohenheim, he later took up the name Philippus Theophrastus Aureolus Bombastus von Hohenheim, and still later took the title Paracelsus, meaning "equal to or greater than Celsus", a Roman encyclopedist from the first century known for his tract on medicine.

Paracelsus wrote many tracts on alchemy, mostly dealing with the nature of the so-called Philosopher's Stone. Sadly, Paracelsus died an early, violent death at the hands of those who were jealous of his superior knowledge and annoyed by his arrogant attitude.
