Family of Light: Pleiadian Tales and Lessons in Living By Barbara Marciniak

With compassion and compelling insight, the Pleiadians, those system-busting time-travelers from the future, take us on a journey through the uncharted lands of *The Book of Earth*, which comprises all human experience. While “our world goes belly-up in these most absurd of times,” they offer us “tools for survival.” During the crucial period between 1987 and 2012--a nanosecond in the annals of existence where secrets and solutions are stored--we have the unique opportunity to move from the deepest of density to the highest of frequencies--where we shift from linear to multi-dimensional living. To make this transition, we must face not only the limitations of our 3-D world with its electronic manipulation and mind control, we must embrace our own wounds, and those of our ancestors and our leaders. To heal ourselves, to raise our frequency from one of despair and fear to one of great inspiration and love, the Pleiadians urge us to rethink and reevaluate our lives: “*You shall change, you will change, you must change, because this is the season of change.*”

Editorial Review

Review

"With her third book, Barbara Marciniak establishes herself as a creator of excellent literature, as well as a bringer of essential information. . . . There is a spiritual revolution sweeping the Earth that is going to eclipse the industrial and information revolutions, and this book heralds its coming." (*Magical Blend*)

"Marciniak diligently presents [the Pleiadians'] recommendations for development: exercises that help us to go inside and claim our spirit. Compellingly written, fast-paced and ideologically challenging, Marciniak pushes the reader to take another look at what being human is as we approach the millennium." (*Foreword magazine*)

"There are flashes of a greater story glimpsed throughout *Family of Light*. And there is mention of a 'Book of Existence' in which the role and greater purpose of all us enigmatic entities is further revealed. As I await the next installment of the Pleiadians' cosmic revelations I will explore what Barbara Marciniak and her friends have already shared in the first two books in this series. I salute the Storytellers for a job well done!" (*Hercules Invictus*, February 2013)
