Editorial Review

From Publishers Weekly

International bestseller Paulo Coelho has captured the imaginations of millions of readers with his mystical, semi-autobiographical fiction. Despite his success (and a brilliant facility for self-promotion), few readers know anything about Coelho the man. This authorized biography plunges into the details of Coelho's life, from his perilous birth to his time in asylums to his multifarious spiritual journey to his staggering 25-year writing career. Brazilian journalist, politician and biographer Morais writes with an unapologetic eye, neither judging Coelho nor seeking to justify his actions, smartly presenting the facts for readers' appraisal. Coelho himself provides a generous level of access and candor, giving readers the feeling that they are getting a privileged view despite the biography's "authorized" label; what makes Morais' biography especially revealing is his access to years of Coelho's diaries, a goldmine for biographer and reader. Fans of Coelho's work will eagerly tear through this attentive, satisfying biography.

It's always a bit disconcerting when a biography of a well-known figure appears during his lifetime. It seems to leave so much hanging in the balance—so many blank pages waiting expectantly to be filled.

Internationally acclaimed author Paulo Coelho (*The Alchemist*, 1993) is only 63 years old, yet the incredible story of his life and his incandescent work could already fill several volumes. Committed to a mental institution at the age of 17 by parents who could not grasp the enormity of his talent or understand his unconventional approach to life, he spent decades rushing headlong down many less-traveled roads, zealously steeping himself in a variety of often bizarre lifestyles before experiencing a life-altering reconversion to the Christian faith in his middle years. After reading this biography, it is easy to understand how and why these youthful experiences and his subsequent spiritual reawakening inform his fiction with the mystical depth that is his literary trademark. Readers will definitely want to see how his unfolding story continues to play out. --Margaret Flanagan

Review
