**The Road to Reality : A Complete Guide to the Laws of the Universe** By Roger Penrose

From one of our greatest living scientists, a magnificent book that provides, for the serious lay reader, the most comprehensive and sophisticated account we have yet had of the physical universe and the essentials of its underlying mathematical theory.

Since the earliest efforts of the ancient Greeks to find order amid the chaos around us, there has been continual accelerated progress toward understanding the laws that govern our universe. And the particularly important advances made by means of the revolutionary theories of relativity and quantum mechanics have deeply altered our vision of the cosmos and provided us with models of unprecedented accuracy.

What Roger Penrose so brilliantly accomplishes in this book is threefold. First, he gives us an overall narrative description of our present understanding of the universe and its physical behaviors—from the unseeable, minuscule movement of the subatomic particle to the journeys of the planets and the stars in the vastness of time and space.

Second, he evokes the extraordinary beauty that lies in the mysterious and profound relationships between these physical behaviors and the subtle mathematical ideas that explain and interpret them.

Third, Penrose comes to the arresting conclusion—as he explores the compatibility of the two grand classic theories of modern physics—that Einstein’s general theory of relativity stands firm while quantum theory, as presently constituted, still needs refashioning.

Along the way, he talks about a wealth of issues, controversies, and phenomena; about the roles of various kinds of numbers in physics, ideas of calculus and modern geometry, visions of infinity, the big bang, black holes, the profound challenge of the second law of thermodynamics, string and M theory, loop quantum gravity, twistors, and educated guesses about science in the near future.

In *The Road to Reality* he has given us a work of enormous scope, intention, and achievement—a complete and essential work of science

## **Editorial Review**

### **Users Review**

#### **From reader reviews:**

##### **Ann Wren:**

The book The Road to Reality : A Complete Guide to the Laws of the Universe gives you the sense of being enjoy for your spare time. You need to use to make your capable much more increase. Book can to become your best friend when you getting anxiety or having big problem with your subject. If you can make looking at a book The Road to Reality : A Complete Guide to the Laws of the Universe for being your habit, you can get more advantages, like add your own personal capable, increase your knowledge about many or all subjects. You can know everything if you like open up and read a guide The Road to Reality : A Complete Guide to the Laws of the Universe. Kinds of book are several. It means that, science reserve or encyclopedia or other folks. So , how do you think about this guide?

##### **Betty Hood:**

Here thing why that The Road to Reality : A Complete Guide to the Laws of the Universe are different and trusted to be yours. First of all reading through a book is good but it really depends in the content of it which is the content is as yummy as food or not. The Road to Reality : A Complete Guide to the Laws of the Universe giving you information deeper and in different ways, you can find any publication out there but there is no publication that similar with The Road to Reality : A Complete Guide to the Laws of the Universe. It gives you thrill examining journey, its open up your current eyes about the thing which happened in the world which is maybe can be happened around you. It is easy to bring everywhere like in recreation area, café, or even in your way home by train. When you are having difficulties in bringing the published book maybe the form of The Road to Reality : A Complete Guide to the Laws of the Universe in e-book can be your substitute.

##### **Chris Wolf:**

Beside this specific The Road to Reality : A Complete Guide to the Laws of the Universe in your phone, it could possibly give you a way to get more close to the new knowledge or info. The information and the knowledge you might got here is fresh through the oven so don't be worry if you feel like an previous people live in narrow town. It is good thing to have The Road to Reality : A Complete Guide to the Laws of the Universe because this book offers to you readable information. Do you oftentimes have book but you rarely get what it's about. Oh come on, that will not happen if you have this with your hand. The Enjoyable blend here cannot be questionable, similar to treasuring beautiful island. Techniques you still want to miss it? Find this book as well as read it from now!

**Ella Hodge:**

Don't be worry for anyone who is afraid that this book will filled the space in your house, you can have it in e-book way, more simple and reachable. This particular The Road to Reality : A Complete Guide to the Laws of the Universe can give you a lot of pals because by you checking out this one book you have thing that they don't and make you actually more like an interesting person. This specific book can be one of a step for you to get success. This e-book offer you information that maybe your friend doesn't know, by knowing more than other make you to be great people. So , why hesitate? We need to have The Road to Reality : A Complete Guide to the Laws of the Universe.
