### **Yardsticks: Children in the Classroom Ages 4-14** By Chip Wood

Written with warmth and humor, *Yardsticks* offers clear descriptions of children's development. This comprehensive, user-friendly reference helps teachers and administrators use knowledge of child development to shape classrooms and schools where all children can succeed.

For each age, this book includes:

- Narrative description of developmental traits
- Charts summarizing physical, social, language, and cognitive growth patterns
- Suggestions for curricular areas: reading, writing, mathematics, and thematic units
- Favorite books for different ages.

What's new in the third edition:

- A new, brief overview of issues in the development of bilingualism and biliteracy among Latino/Hispanic children
- A new appendix on the "birthday cluster exercise" for applying the information in the book to working with a whole class of students
- An updated list of recommended children's books
- An updated list of recommended resources for teachers and parents.

### Editorial Review

#### Review

An essential resource for educators and others who work with children. --James P. Comer, MD, Yale University School of Medicine

*Yardsticks* is an indispensable resource for educators who want to be responsive to the needs, talents, and aspirations of all the children they teach. --Larry Dieringer, Executive Director, Educators for Social Responsibility

#### From the Author

Practical info to help parents/teachers understand children. This book is about children in school. It is designed for both parents and teachers and provides easy reference to expectations about children's growth and development in the classroom. I have tried in this small volume to consolidate a good deal of theory with years of professional experience in schools. My goal is to present important information in a readable format without compromising the key ideas passed down from the worlds of anthropology, child development, pediatrics and education. I hope you will find the information about a particular age immediately useful, and will also be captured by the obvious patterns of development. Enjoy the book. I hope you find it useful in your work with children.

#### About the Author

**Chip Wood** has been a K-8 teacher, principal, and teacher educator for over 40 years. He is a co-founder of Center for Responsive Schools.

### Users Review
